

teknion wood

teknion

Tekunion Wood exemplifies the concept of quality and the practice of precision craftsmanship. Made of solid hardwoods and fine, hand-matched veneers, each series within the collection offers the distinction of wood that has been shaped and detailed with exacting care to enhance its beauty and warmth. Tekunion Wood offers a wide selection of furniture products that create elegant, dynamic work spaces in the private office, open plan, reception area and conference room. Custom designs tailored to the corporate image or individual requirements are also available.

Tekunion Wood key attributes:

- An extensive product line comprises modern and transitional designs to furniture with a more formal and traditional quality.
- A diverse product line fulfills the needs of different spaces, planning strategies and management levels, as well as budgetary guidelines.
- Using only the finest woods and veneers, Tekunion Wood offers a range of species and rich finishes, along with a choice of edge styles and hardware finishes and styles.
- Full custom capability allows for solutions that respond to specific needs.

Each piece is thoughtfully designed and expertly assembled and finished. Exacting methods ensure tight joints, uniform color and consistent finish application. Finishes are applied to the backs of major pieces with the same care as to fronts and sides of the furniture.

Teknion Wood brings warmth and richness to open plan settings, enhancing the experience of people at work while effectively addressing personal work needs, managing technology and providing access to storage and files.

inspiring possibilities.

Standard veneers and hardwood solids are hand-selected from sustainable managed forests to ensure superior quality and consistency. Choose from a spectrum of wood species and veneer cuts to create the desired aesthetic while addressing budget guidelines. Additional veneers can be sourced to suit personal preference or the corporate image.

From design concept to execution and product delivery, Teknion is committed to meeting customer needs.
